

2012 Accomplishments

Wildfield Park Planting, Seoul National University Alumni

Date: May 5, 2012

Location: Wildfield Park

Watershed: Etobicoke Creek

Region: Peel

Municipality: Mississauga

Partners: TRCA, Region of Peel,
City of Mississauga, Seoul National
University Alumni

An enthusiastic group of 49 Seoul National University Alumni gathered to plant 250 native trees and shrubs along the riparian zone of the Etobicoke Creek at Wildfield Park. Despite the heavy rains during the week making the ground quite saturated, this group braved the muddy conditions and had the vegetation planted in short order. This type of planting adds a much needed buffer zone along the creek to help filter nutrients and pollutants which enter the waterway during storms events and educates community members of their natural surroundings.

Vegetation Planted	# of Pieces Planted	Enhanced Area m ²	Number of Participants	Total Volunteer Hrs
Trees	100	625	49	147
Shrubs	150	340		
Total	250	965	49	147
