

2012 Accomplishments

Great Canadian Shoreline Cleanup, Etobicoke Creek @ Sandalwood Parkway

Date: September 22, 2012

Location: Loafers Lake Park

Watershed: Etobicoke Creek

Region: Peel

Municipality: Brampton

Partners: TRCA, Region of Peel, City of Brampton, Great Canadian Shoreline Cleanup, Local Residents

Local Residents came to Loafers Lake Park to take part in the largest community clean-up event in Canada — The Great Canadian Shoreline Cleanup. This enthusiastic group collected multiple bags of garbage and recycling along valley lands and edges of the Etobicoke Creek. This debris poses threats to both wildlife and water quality. Stewardship initiatives such as this help reduce contaminants and pollutants entering the creeks and rivers.

Garbage Bags Collected	Weight	Large Items	Total Volunteer Hrs
36	~720 lbs	Bicycles, building material	50
