

Family Fishing Day at Heart Lake

Date: July 10, 2010

Location: Heart Lake Conservation Area

Watershed: Etobicoke Creek

Region: Peel **Municipality:** Brampton

Partners: TRCA, Region of Peel, Canadian Sportsman Shows, Ministry of Natural Resources, Ontario Federation of Anglers and Hunters, Shimano

Rods and reels were the equipment of the day as 125 family members came out to the Heart Lake Conservation Area to participate in the 3rd Annual Family Fishing Day. Event attendees had the opportunity to visit and interact at various staffed education stations to learn about Heart Lake, the fish of Heart Lake, the sport of angling, Ontario angling regulations and participate in a family fishing derby. Thanks to the generous support from the Canadian National Sportsman Shows who donated fishing rods, reels and tackle to all the event participants.
