

2013 Accomplishments

Heart Lake CA Stewardship Event with Ecvergreen

Date: July 24, 2013

Location: Heart Lake CA

Watershed: Etobicoke Creek

Region: Peel

Municipality: Brampton

Partners: TRCA, Evergreen, Region of Peel, Newcomer Youth Leadership Development Group and Community Residents.

Evergreen in partnership with TRCA and a group of 40 community stewards participated in a community stewardship event at Heart Lake CA to help with meadow maintenance. The group enthusiastically removed invasive weeds, were educated on native wildflowers and the importance of pollinators species. Students from Newcomer Youth Leadership Development and their representative from YMCA also constructed 8 “bee condo’s” to provide much needed habitat for these important pollinators.

Positive Environmental Impacts

Amount of Invasive Plants Removed	# of Habitat Structures Constructed—Bee Condos	Volunteers	Volunteer Hrs
500 lbs	8	40	100
