

2013 Accomplishments

Peel Wide Stewardship Day

Date: April 30, 2013

Location: Kennedy Valley Trail

Watershed: Etobicoke Creek

Region: Peel

Municipality: Brampton

Partners: TRCA, Region of Peel, City of Brampton, PEYA, Local High Schools

Over 100 Grade 11 students from Fletchers Meadow & Sandalwood Heights SS met at Kennedy Valley Trail to participate in stewardship activities. The students took part in a stream study and planted 500 native trees and shrubs. The group also cleaned the area and collected well over 1,000 lbs of debris consisting of car parts, tires, used oil and other items. Enhancing this area will help reduce contaminants entering the creek and reduce negative impacts to wildlife.

Positive Environmental Impacts

Vegetation Planted	# of Pieces Planted	Total Area Enhanced m ²	Garbage Collected	Volunteers	Volunteer Hrs
Trees	150	375	30 bags	~100	300
Shrubs	350	525	Lg Items		
Total	500	900 m²	> 1,000 lbs	~100	300
