

# 2013 Accomplishments

## Heart Lake, Evergreen Community Planting

**Date:** April 27, 2013

**Location:** Heart Lake CA

**Watershed:** Etobicoke Creek

**Region:** Peel

**Municipality:** Brampton

**Partners:** TRCA, Evergreen, Region of Peel, Community Residents

### Positive Environmental Impacts

Vegetation Planted	# of Pieces Planted	Total Area Enhanced	Volunteers	Volunteer Hrs
Trees	60	150	26	78
Shrubs	140	210		
<b>Total</b>	<b>200</b>	<b>360</b>	<b>26</b>	<b>78</b>

TRCA and Evergreen hosted a community planting event at Heart Lake CA as part of Earth Day. A group of 26 local residents planted 200 native trees and shrubs at this new restoration site. These community stewardship events provide much needed habitat for wildlife. It also helps local residents better understand natural spaces within urban settings. By enhancing vegetation along waterways, we provide a filter for contaminants entering rivers creeks, and streams.
